DECONTAMAN PRE SOFT

PREVENT

PRODUCT DESCRIPTION

2 / 4

DECONTAMAN PRE SOFT is an antimicrobial cleansing lotion to simultaneously clean and decontaminate skin, hair and hands, even in areas with a high load of fat or protein, such as in the food sector e.g. after meal preparation. Suitable for antimicrobial whole-body washing in cases of MRSA contamination or contamination with other multi-resistant Gram-negative bacteria (MRGN) such as *Acinetobacter baumannii* or van-

comycin-resistant enterococci (VRE), especially prior to surgery or during longer periods of bed confinement. Because of the skin-friendly pH and the conditioning properties, **DECONTAMAN PRE SOFT** has very good skin compatibility suitable for regular use and hygienic hand washing in accordance with VAH directive and EN 1499. The product is free of phenols as well as alcohols, perfumes and colorants.

APPLICATIONS AND NOTES

Range of application

For hygienic hand washing in accordance with VAH/EN 1499. For antimicrobial body washing in cases of colonization with MRSA or other multidrug-resistant pathogens such as VRE, ESBL and other MRGNs. Particularly for use prior to hospitalization. Suitable for use in food handling and processing.

Application

Hygienic handwashing in accordance with VAH/EN 1499: Moisten hands with 10 ml water, apply 3 ml DECONTAMAN PRE SOFT, and wash for 60 seconds. Then thoroughly rinse with clear water. Whole-body washing in case of MRSA contamination: Apply DECONTAMAN PRE SOFT directly onto moistened skin or onto a moist sponge or washcloth. Thoroughly clean the skin. After at least 60 seconds of contact time, thoroughly rinse the treated areas with clear water.

Application notes

Do not use in case of known intolerance to chlorhexidine and on injured skin. Prevent penetration of the solution into the inner ear and the eyes.

Composition

100 g contains: 2.0 g chlorhexidine digluconate; 1.5 g 2-phenoxyethanol

Precautionary and hazard statements

Causes serious eye damage. Harmful to aquatic life with long lasting effects. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. Avoid release to the environment. Dispose of contents/container to approved disposal company or local collection.

For professional use only.

Use disinfectants safely.

Always read label and product information before use.

DECONTAMAN PRE SOFT

Sequence for body bath

1 Face

The person should keep their eyes closed while you wash their face. Make sure that no cleaning solution gets into the eyes or ears.

2 Chest/Stomach

Wash the chest, stomach and belly button from the neck down. While washing, make sure that the lower body is kept warm.

3 4 Arms

Starting with the finger tips, wash the hands and arms up to the shoulders. Pay special attention to the armpits.

5 Back

Sit the person up, or turn them to the side, and wash their neck and back from the sides towards the middle. Dress upper body and position the person on their back.

6 7 Legs

Then wash the legs from the hips down.

8 Feet

First clean the toes and between the toes, then the remaining parts of the feet.

9 Intimate area

Cleaning the external genital area.

10 Genital area

Clean the outer genitals.

! Important

While washing, towels should be positioned so that the fresh bed linen does not come into contact with the unwashed side of the body. Avoid contact with the mucosa!
