- Absorbs quickly into the skin without leaving a greasy residue and reduces interruptions in work process to a minimum
- With refatting agents and allantoin for a pleasant skin feeling
- Perfume- and dye-free and suitable for use in food processing areas (HACCP)

Product description

DESCOLIND PURE LIGHT CREAM is a dye- and perfume-free, highly economical oil-in-water (O/W) emulsion for sensitive skin. In accordance with BGW¹ requirements, our nourishing DESCOLIND PURE LIGHT CREAM formula does not contain any perfume. DESCOLIND PURE LIGHT CREAM cares for hands after activities that put a lot of strain on the skin, such as wearing gloves for long periods of time, washing hands, and activities involving contact with moisture. As an O/W emulsion, DESCOLIND PURE LIGHT CREAM is absorbed particularly quickly without leaving a greasy residue, making it ideal for medical staff: despite frequent use, work processes are not disrupted and hands remain noticeably nourished. The light and nourishing formula with refatting and hydrating ingredients as well as allantoin ensures smooth and

supple skin. The easily spreadable and quickly absorbed care lotion is also suitable for body care.

Range of application

In all medical/professional areas for hand and skin care, after frequent contact with water and soap.

Application

Apply DESCOLIND PURE LIGHT CREAM thinly to clean, dry hands and massage in thoroughly. Pay particular attention to the fingers, spaces between the fingers, fingertips, and nail folds. DESCOLIND PURE LIGHT CREAM is a very economical, dye- and perfume-free skin care lotion, meaning that even a small amount is sufficient for caring for sensitive skin.

Ingredients

AQUA, ETHYLHEXYL STEARATE, ISOPROPYL MYRISTATE, STEARYL ALCOHOL, POLYGLYCERYL-3 METHYGLUCOSE DISTEARATE, ALLANTOIN, MENTHOL, TOCOPHERYL ACETATE, PROPYLENE GLYCOL, SODIUM HYDROXIDE, CARBOMER, HYDROXYACETOPHENONE, PHENOXYETHANOL.
