- Mild surfactants for gentle cleansing of hands and skin
- Also suitable for body and patient washing as well as occasional hair washing
- With allantoin, refatting agents and glycerin for a pleasant skin feeling
- Soap-free and pH skin neutral

Product description

DESCOLIND COMFORT WASH is a pH skin neutral washing lotion for gentle cleansing of normal skin and is characterized above all by its pleasantly fresh scent. DESCOLIND COMFORT WASH contains allantoin, refatting agents and glycerin, which counteract drying of the skin due to hand washing. The blue coloring of the product makes it easy to check the fill level.

Range of application

For regular washing of hands and skin. For hand washing: DESCOLIND COMFORT WASH is well suited for hand cleansing in case of soiling, which requires a particularly skin-friendly cleansing. DESCOLIND COMFORT WASH is also suitable for hand cleansing before surgical hand disinfection as well as before or after hygienic hand disinfection.

Application

Hand washing: Foam up wash lotion with luke warm water, thoroughly rinse hands and interdigital areas and dry hands with single-use towels.

Ingredients

AQUA, SODIUM LAURETH SULFATE, COCAMIDOPROPYL BETAINE, SODIUM CHLORIDE, ALLANTOIN, GLYCERIN, SORBITAN SESQUICAPRYLATE, CITRIC ACID, SODIUM BENZOATE, PARFUM, CI 42090.

Shelf life instructions

Shelf life after opening: 12 months.
Shelf life after opening in a tightly closed dispenser is 12 months, provided that the dispenser is and is kept in a hygienically perfect condition.
